

# **NOTICE TO AUTO WARRANTY AND GUARANTEED PREMIUM REFUND CONTRACT HOLDERS**

To all persons holding contracts purporting to be either auto warranty (AW) contracts or contracts guaranteeing the refund of premium paid for auto warranty contracts (GPR) and that were allegedly “insured” by Western Insurance Company (WIC) of Reno, NV:

WIC did not issue AW or GPR contracts to consumers. WIC wrote contracts that would, under certain limited circumstances, pay the costs of the referenced AW and GPR contracts to the contract administrators or dealers once the administrators or dealers paid the losses and only to the extent that the losses exceeded a certain threshold.

**Consumers should not send claims for AW or GPR contracts to the liquidator or the Third District (Salt Lake County) Court as they will not be honored or paid.**

Claimants under these contracts may wish to contact the person that sold you the contract or your own attorney for possible remedies.
